You can always return to your homepage by clicking on the PowerSchool logo in the upper left hand corner.

### What do I do if I forget my password or need help?

See Michelle Hansen in the office. Please do not ask teachers for help with login or technical problems.

### How soon will I be able to see grades and assignment information?

Midland has been using PowerSchool for a while now, so most staff should be familiar with it and should have it up and running soon. New staff members may take a bit longer to get things online. Please be patient.

Check with your instructors to see what their plans are for using PowerSchool – if you don't get satisfactory results or answers from your instructor and have further questions or concerns see the principal.
