

MEAL CHARGES

In accordance with state and federal law, the Midland Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals:

Students have use of a meal account. Students or their families can use the online payment system to deposit monies into their meal account or can bring a check or cash to the building secretary. The building secretary will provide a receipt and then deposit this money into the students' meal or family account.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Schools are encouraged to provide a reimbursable meal to students with outstanding meal charge debt. If an alternate meal is provided, the meal must be the same meal presented in the same manner to any student requesting an alternate meal.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with the student's parent or guardian to resolve the matter of unpaid charges. Parents or guardians will be notified of an outstanding negative balance once the student owes five meals or more. Parents or guardians will be notified by email or letter sent home. Negative balances of more than \$5.00 not paid prior to the end of the month will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

Unpaid Student Meals Account

The district will establish an unpaid student meals account in a school nutrition fund. Funds from private sources and funds from the district flexibility account may be deposited into the unpaid school meals account in accordance with law. Funds deposited into this account shall be used only to pay individual student meal debt.

Communication of the Policy

The policy and supporting information regarding meal charges shall be provided in writing to:

- All households at or before the start of each school year;
- Students and families who transfer into the district, at time of transfer; and
- All staff responsible for enforcing any aspect of the policy.

It is the responsibility of the superintendent. Or designee to develop an administrative regulations for implementing this policy.
