1. STUDENT DEMOGRAPHICS

Please read this over and make any needed corrections yearly. Some items you cannot change like legal name and date of birth. If those are wrong please contact the building secretary ASAP

2. STUDENT ADDRESS

3. STUDENT CONTACTS

Please list ALL contacts for your student. We only need FULL info for parents, for all other contacts we just need name, relationship and a phone number. We always try to contact parents first, authorize them to drive home if ill, come get them if needed, have some idea how to locate you, pick them up in case of emergency? We need them on this list if you want them to be able to do

4. HEALTH INFORMATION

Please be sure to include all health related medical information that may affect learning. Feel free to call the nurse or nurse's aid with any questions or information you want them to have at any time the year if there are any changes to the health of your student that affect learning.

5. RURAL TRANSPORTATION REQUEST FORM

If you live in the Midland District with a rural address you can request bus transportation to/from school for your child. The following information will help us to create bus routes. <p><p> There are bus routes to Center Junction, Onslow, Monmouth, Lost Nation. The buses also stop and pick up students at both attendance centers Wyoming and Oxford Junction. <p><p> If questions contact the transportation secretary

7. PARENT PERMISSIONS

PLEASE read these very carefully, the answer to all should not necessarily be Yes.

8. ACKNOWLEDGEMENT OF COMPLETION

Click on Student Demographics, after you hit submit the system will take you through all necessary forms in order until completed:

- 1) Student Demographics
- 2) Student Address
- 3) Student Contacts
- 4) Health Information
- 5) Rural Transportation
- 6) Parent Permission
- 7) Acknowledgement of Completion

If you have any issues please contact the school secretary for assistance. This program is new and we are currently testing it. Your help is invaluable.

- **IMPORTANT NOTE** – PLEASE use capitals when entering data especially for parent/guardian names/addresses, the information is case sensitive, so will remain in Powerschool the way you enter it – so address labels, reports, etc that have names or addresses will print that way. Our secretaries THANK YOU for helping in this simple way!
- Any data piece with a red * is required information, you must enter something here to move on.
- You can return to any form and make any needed updates during the school year if you have a change of address, contact info, emergency contacts, health info or transportation needs, etc. by resubmitting that one form.

CONTACTS section –

If you have a current student and are adding a new student, update the current student's contact info first, then under the contacts click the box beside the new student to copy contacts – this will save you a lot of time and effort, and will help us keep from having duplicate contacts in our system.

PLEASE carefully fill this out. For parents we need full info (addresses, work, etc), for others we only need a name & phone number, but we need you to check the correct permission boxes, can they pick your student up from school, etc? Also if both parents live at same household please don't check RECEIVES MAILING for both, *only check that box if a parent lives at a different mailing address and needs an additional mailing.*

When completed you will get a warning box saying this information is pending approval, simply click ok to go to the next form.

Guardians and Emergency Contacts *
Please list all parents/legal guardians and at least three (3) emergency contacts apart from the parents/legal guardians. We always contact parents first, but if you cannot be reached who might know where to find you or could come get a sick child or authorize a teen to school if ill, etc. For emergency contacts we just need name, relationship, phone number. For parents we need all information provided.

To see full details click on the pencil icon and make any needed changes.

Do NOT make duplicate contacts, check all who are listed here and just update their info as needed. Only click *Add* for NEW contacts who are NOT listed on this page.

Clicking the X will delete that contact! Be careful doing this as it removes the association with that student. Only do this if you no longer want the school contacting this person RE your student.
