Welcome to Midland!

At Midland CSD, we believe learning extends beyond the classroom.

Getting involved in student activities supports students' growth, fostering both mental and physical well-being.

In this brochure, you'll find a list of the extra-curricular opportunities available at Midland CSD.

Helping Students Reach Their Potential

Participating in extra-curricular activities allows students to discover new interests, develop skills, and build lasting friendships while gaining confidence, teamwork, and leadership experience. At Midland, we're proud to offer a wide range of opportunities for students in grades 6–8.

Midland CSD has dedicated and passionate staff members committed to helping students grow. Coaches, advisors, and teachers work hard to create supportive environments where students can learn, thrive, and succeed both in and out of the classroom.
