

IMPORTANT - Online Payments Now Available

July 30, 2026

Dear Parent/Guardian,

We are thrilled to announce that Midland Community Schools has adopted **MyPowerHub** with **PowerSchool Payments** as our payments platform for parents and guardians! MyPowerHub provides families a streamlined way to manage and securely pay student's school related fees.

Key features of Payments in MyPowerHub include:

- **View students'** fee information and due dates;
- **Easily access** your payment history, receipts, and unpaid fees;.
- **Securely pay** school- related fees with a credit or debit card directly in MyPowerHub.

Note that all transactions made through MyPowerHub will incur an additional service fee charge. For parents or guardians who prefer, in-person payments via cash or check, these methods of payment will still be accepted at the school office. For debit, credit, and ACH payments, your payment information is securely transmitted through a PCI-compliant service directly to Worldpay for Platforms for processing. Your payment information is never stored on PowerSchool servers.

We launched Payments in MyPowerHub for all parents and guardians on July 29, 2026. You can now pay school registration fees, purchase optional computer insurance, add lunch money to student/staff lunch accounts. In the future you will be able to pay things like Wrap Care, band rental fees, drivers education.

Parents may have received a message yesterday saying they had a fee owed, if you log into PowerSchool and then click Fees it will take you to the new MyPowerHub Fees page showing you what you owe based on your lunch qualification status for 26-27 School Registration. The district office did try to find all of the families who will meet the \$200 per family max and alter one of the students' registration fees to meet that.

Reminder if you feel you qualify for free/reduced meals and are listed as full pay, PLEASE fill out the meal application form and turn it in ASAP to either school. Erika will run the formulas and let you know, if a change is made she will change the registration fee in PowerSchool as well. The lunch application form and directions can be found on our [Food & Nutrition](#) page on our website.

This is what the fees page will look like for elementary students:

Also for **7-12th grade students** listed there is an **OPTIONAL** Computer Insurance fee of \$30 - unfortunately if we don't add that to everyone, then parents who want it won't be able to pay it online. If not paid by September 1 the computer insurance fee will be removed. This is what Fees page might look like for secondary students - you can just pay the registration fees if you want by clicking Payment. To pay both, click both.

Date Added	Course	Fee Type	Priority	Description	Due Date	GL Code	Charged	Adjust.	Fee	Paid	Balance
07/29/2026		School Registration Fees	2	26-27 School Registration Fees	09/01/2026	26-27 School Registration Fees (R10-0000-0000-000-0000-1999)	65.00	0.00	65.00	0.00	65.00
07/29/2026		Technology Insurance	3	26-27 Computer Insurance (OPTIONAL)	09/01/2026	Technology Fees (R10-0000-0000-000-0000-1740)	30.00	0.00	30.00	0.00	30.00

Students who had **outstanding debt** to the school, those debts will also show up in the list here and the system will send you periodic reminders of this debt. If prior to the 25-26 school year it may say SOY Balance - to find out exactly what that is please contact the building secretary. In previous years all outstanding balances just rolled over saying SOY Balance. From now on it will say exactly what the fee was for like the image above. We encourage you to pay off as much of this debt as soon as possible, we are happy to set up a payment plan with you.

Date Added	Course	Fee Type	Priority	Description	Due Date	GL Code	Charged	Adjust.	Fee	Paid	Balance
07/07/2025		SOY Balance	0	SOY Balance			50.00	0.00	50.00	0.00	50.00
		Rollover - MMHS 25-26									

Parents can also add money to lunch accounts, you would do that by clicking the Meal Balance tab and +Add Money. The balance that you ended last school year will show up as Available Balance. Once the school year gets going this Meal Balance page will show you each of the charges and deposits for your child's account so you can track what they are purchasing. We encourage 7th grade parents to talk to their students about your expectations with them purchasing ala carte items, this is a big transition for some students and they need to know what you do/do not want them purchasing.

For more information on PowerSchool Payments check out this [Payments Flier](#).

We hope adding Payments which gives our parents/guardians the option of paying online will be more convenient for some families, **you still always have the option of paying either cash or check** payable to Midland CSD at either office or by mailing to Midland CSD, PO Box 109, Wyoming, IA 52362. Paying with cash or check will save you the convenience fee charged by the Payments program.

A couple other things as you complete the e-registration process, important info for you:

- 1) Some parents have received a Gateway Timeout 504 error when trying to click on FORMS. The Powerschool IT department tells us that you should log out and log back in to get rid of that. (Sorry for this inconvenience - if we could fix it we would)
- 2) As we transition from ParentSquare to PowerSchool Messaging and SM Communicate - it is very important that all parents in the CONTACTS portion have their own email address and have the permissions checked that apply. Only Guardian 1 and Guardian 2 who have an email address in their account will be able to receive communications through these new messaging systems. Also be sure to OPT IN to text messages by texting Y or YES to 67587.

As always, if you have any questions, please reach out to either building secretary for clarification.

Sincerely,

Midland CSD
